in cooperation with Chris Corkum's Baseball, Inc.

Teaching Skills That Last a Lifetime. Chris Corkum's Baseball, Inc. brings out the best in young athletes of all ability levels. Each year, hundreds of kids from across Southern New England learn baseball skills from an experienced, college-level coaching staff. Excellent coaches, plus Chris Corkum's unique methods of making Summer Baseball Camp fun, combine to give your child an experience which won't soon be forgotten!

Program includes: individual and small group instruction in Fielding, Throwing, Hitting, Pitching, Baserunning, Physical Conditioning and Game Strategy, including discussion of Rules and Regulations. Also includes Lectures and Demonstrations.

Chris Corkum's Baseball Camps emphasize skill development. Each child's strengths and weaknesses are evaluated to allow the individual to learn and grow according to his needs.
